Need It Fast? Our Rapid Program Can Help — see pages 5-6

Carbis' marine access equipment is designed and manufactured to meet your specific needs and provide safe access. Most often, marine access systems require custom fitting to docks and around existing obstructions; our engineering department can accommodate your needs.

- Equipment can adjust to variations in tide and barge movement
- Available as telescoping units for added versatility
- Can be operated by crane, winch, hydraulic, or pneumatic drives

Designed to meet your specific needs
