**Various metal
and seal
materials
available**

Manifolds and Spouts

On-Time Guarantee — pages 3-4 for details

Manifolds

Allow multiple products to be loaded from a single loading arm or hose system

Can be supplied in various materials to suit application

Simple design makes switching between product lines easy

Dry break couplers can be supplied to eliminate drips between connects and disconnects

Truck and Rail Loading Spouts

Enclosed vehicle loading spouts, or open vehicle spouts, provide excellent dust-free loading performance for trucks and rail cars

The low profile feature makes this spout the best choice when faced with limited space

Some of the industries we serve:

- Cement
- Plastics
- Food
- Mining

Systems to service truck, rail, ship, and barge

Arms and Hose Accessories

Swivel Joints in Stock, Ready to Ship Today

From water and food products to your most aggressive chemicals and acid handling, we offer arms and swivel joints that allow you to handle it!

With over \$65,000,000 of inventory, chances are we have the **swivel joint and couplers you need in stock, ready to ship today!**

Hose Handlers

Eliminate the need to carry heavy or hard-to-handle hoses

Minimize hose damage due to handling and storage

Dry-Break Couplers

- Easy to handle - push and turn - free flow, turn and pull - closed
- Time saving - no need to drain hoses or pipe systems
- Economical - no loss or spillage of liquids at connection or disconnection
- Safety - the valve cannot be opened until the unit is coupled
- Safe and reliable - due to rugged construction
- Product life - high quality materials ensure longer product life
