

Rail Car Safety Cages

Complete Fall Prevention for Liquid Rail Cars

Need It Fast? Our Rapid Program Can Help — see pages 5-6

Rail Cars

Liquid rail car safety cages provide complete fall prevention on top of cars by fully enclosing the car with an OSHA compliant handrail and midrail

Various configurations can be supplied to fit your needs

- Cages can be designed to work with coupled or uncoupled rail cars
- Cages can be attached to articulating gangways or supplied as an elevating system to store outside of your rail clearance envelope
