Ship to Shore / Shore to Ship Access

Need It Fast? Our Rapid Program Can Help — see pages 5-6

Carbis' ship to shore access equipment is designed and manufactured to meet your terminal's specific needs and provide safe access to all types of vessels

Design, Fabrication, Start-Up, and Commissioning

- Equipment designed to compensate for variations in tide and ship movement
- Constructed out of marine grade aluminum
- Crane, hydraulics, or pneumatic driven systems available
- Move people and materials from ship to shore efficiently and safely
