Fall Prevention for Truck and Rail

Need It Fast? Our Rapid Program Can Help — see pages 5-6

Trucks

Isotainers

Rail Cars

The unique steering and large wheels allow this unit to be operated over rough surfaces

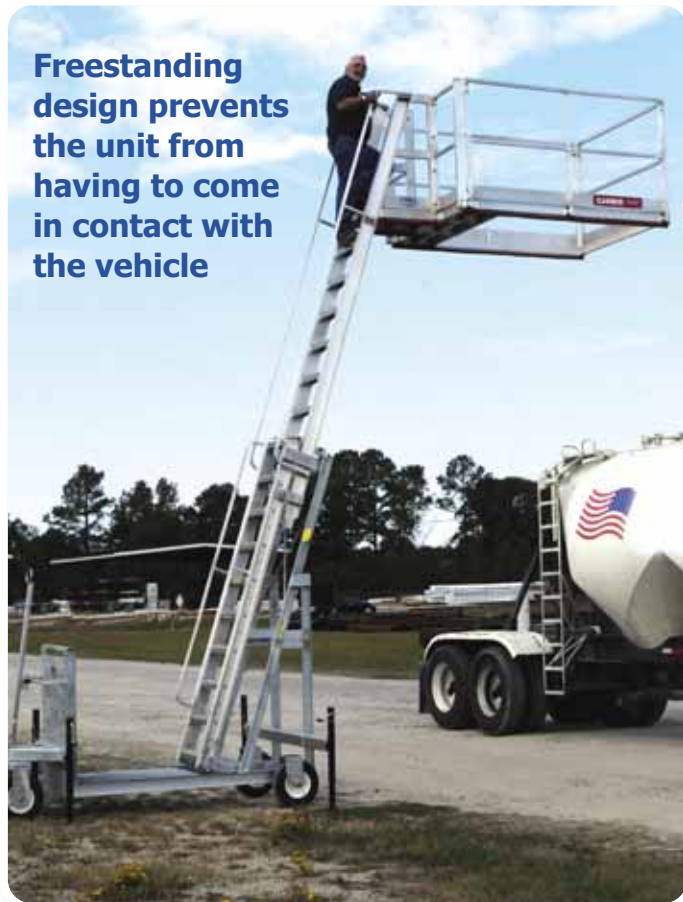

Designed to access both trucks and rail cars

**So lightweight, a single employee can operate ... yet super-duty construction and versatile wheel design delivers path to every size truck, container, and rail car**

Truck access unit designed to work with tank trucks, iso-containers, and hopper trucks - no need for multiple units

**Freestanding design prevents the unit from having to come in contact with the vehicle**

- Can be used on a wide range of vehicles
- Instantly reach changing vehicle sizes
- Turns tightly, navigates easily for snap spotting using unique wheel design
- Can be operated by one employee
- Telescoping design provides passage to large variety of vehicles
- Flexible 16" foam-filled tires tackle any terrain
- Hefty rubber bumpers protect vehicles
