

# Portable Units

Fall Prevention for Trucks

Need It Fast? Our Rapid Program Can Help — see pages 5-6

Trucks

The TTX was designed to be used in terminal applications. Its small base makes it our most maneuverable unit, allowing one person to easily position it in tight surroundings.

Designed specifically for tank trucks.

- Designed for tank truck access
- Adjustable height
- Safety cage for fall prevention
- Turn in tight radius for easy positioning
- Foam-filled wheels
- Rubber bumpers to protect top of trucks

**Quick Guide**

Access Single Hatches

Easily Maneuvered by One Person
